A SUDDEN TWINGE

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous uric acid which is the cause of the disease.

"Your 'Golden Medical Discovery' cured me of rheumatism after I had tried a dozen remedies without relief and also gone West in search of health," writes Harry Kitter, of No. 1645 6th Street, Denver, Colo. "Only those who have suffered from this dread malady know the pain and misery I endured for over five years. Whenever the weather was damp or cold my troubles were increased and my joints would be so stiff and sore that I was hardly able to move about, and often unable to dress myself. I used a number of highly recommended medicines, but they had no effect whatever on me, and I came to Colorado hoping to regain my health, but failed to obtain the relief I had hoped for. A gentleman in the house where I lived advised me to use Dr. Pierce's Golden Medical Discovery, and in four months and a half after I began using it I was a well man, and have had no touch of it for the past seven months."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Pierce's Pleasant Pellets — These tiny, sugar-coated antibilious granules regulate and invigorate Stomach, Liver and Bowels. Do not beget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor. Put up in vials: always fresh and reliable.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. O. DeWitt & Co., Chicago, U. S. A.

THE MOROCCAN AFFAIR.

The arrival of King Edward in Paris yesterday was the occasion for a notable manifestation of Anglo-French cordiality, which was being generally interpreted last night as a conspicuous response to Germany's attitude regarding Morocco, although the king remained only a short time. He was met outside the city by President Loubet, who held a private conversation with him, lasting nearly an hour.

The details of the conversation excite a wide range of speculation, but its actual purport has not been disclosed. However, a semi-official communication recites that the meeting had far less reserve than that between King Edward and President Loubet last year, and that it was marked by the freedom of the confidence exchanged.

Beyond this private conversation King Edward confined himself to the usual public expressions of good will. He spoke at the station of the pleasure a visit to France gave him; but there was not the slighest public significance upon pending political affairs. In this respect the king's reserve is being compared with the freedom of Emperor William's recent utterances. The passage of the King was unattended by any spectacular features as it was the earnest wish of the authorities to avoid a political demonstration. President Loubet joined the royal train at Pierrefitte station, where, surrounded by distinguished officials of both governments, the two rulers exchanged their first greetings. The king conducted President Loubet to his private car, where conversation continued until the Lyons railway station was reached. Outside the station the crowd was held back by cordons of police, the absence of military display being noticeable. During the half hour at the station King Edward continued to talk with President Loubet and held an extended conference with the British Ambassador at Paris, Sir Francis Levison Bertie.

King Edward left Paris at 7:10 o'clock for Marseilles, where he was to join Queen Alexandra on board the royal yacht Victoria and Albert.

The semi-official communication relative to the meeting of King Edward and President Loubet says:

"It is natural to suppose the conversation between the king and the president led to an exchange of views upon all diplomatic questions of the day; but as neither has divulged the confidences it is necessary to receive with reserve the more or less ingenuous versions which will be placed in circulation. Judging, however, from external appearances one cannot but remark that the meeting yesterday was marked not only by less reserve than that of last year, but notably by the greater freedom of the confidences exchanged."

Despite this official reserve the public and press herald the meeting as most significant. The Journal des Debats says:

"It is a new affiirmation of the Anglo-French entente, which will be followed by naval demonstrations by British and French squadrons."

This, says the Debats, is the response to the attitude Germany has taken toward France, and the paper adds:

"It will be imprudent if statesmen at Berlin fail to observe this particularly conspicuous reaffirmation of the Anglo-French entente."

The Temps also says that the interview emphasizes the endurance of the Anglo-French entente.

The effect of the visit seems to be to strengthen the determination to proceed with France's policy in Morocco in accordance with the terms of the Anglo-French agreement, as the visit is construed as a timely expression from the signatories of that agreement.

Not much attention is paid in London to the suggestion from some quarters of the continent that the King's visit to France may be preliminary to an Anglo French alliance. Nevertheless, following as it does on an active exchange of views between London and Paris, it is expected to help in smoothing away some of the internal controversies. Although King Edward's trip to the Mediterranean was arranged some time ago, no steps were taken to secure a meeting with M. Loubet till after Emperor William's visit to Tangier. The meeting therefore is accepted in London as in some measure intended to emphasize Anglo-French solidarity and an answer to the commentators who represent the Tangier incidents as Germany's retort to the Anglo-French agreement regarding Morocco.

In this connection Earl Percy, Under Secretary for Foreign Affairs, informed questioners in the House of Commons yesterday that the Anglo-French agreement of April 8, 1904, was never officially communicated to Germany, nor had any communications on the subject passed between Great Britain and Germany, except in reference to the Khedivial decree dealing with the Egyptian part of the agreement. The Sultan of Morocco, Earl Percy added, was not a party to the Anglo-French declaration, which was an independent arrangement between Great Britain and France for dealing with their respective interests in Morocco. Asked if Germany's treaty with Morocco secured for her special commercial rights and privileges Earl Percy said the German-Moroccan treaties of 1890 were analogous to the Anglo-Morocco trieties of 1856.

The British government has not received from Count Wolff-Metternich, the German Ambassador, or any other source a memorandum regarding Morocco similar to that handed to Secretary Taft by Baron Speck von Sternburg, the German Ambassador to the United States, Wednesday.

Germany's action in singling out the United States for an official notification of her attitude toward Morocco has created some feeling in official circles, where no attempt is made to conceal the leaning of Great Britain toward France in the Moroccan controversy.

The memorandum to the American government is generally regarded in London as a bid on the part of Germany for the United States' sympathy and support in maintaining the open door and the status quo.

While there is intense interest in the situation and the Moroccan question is discussed in all its phases in diplomatic circles, the British government is not taking any part in it, merely awaiting the next move.

A well-informed official of the British government said yesterday that France would continue her policy in Morocco, and it is firmly believed that the next step on the part of France is likely to develop a climax and bring the situation to a head.

New Cure For Cancer.

All surface cancers are now known to be curable by Bucklen's Arnica Salve. Jas. Walters, of Duffield, Va., writes: "I had a cancer on my lip for years, that seemed incurable, till Bucklen's Arnica Salve healed it and now it is perfectly well." Guaranteed cure for cuts and burns. 25c at E. S. Leadbeater & Sons' drug store.

The Right Name is DeWitt.

DeWitt's Witch Hazel Salve cools, soothes and heals cuts, burns, boils, bruises, piles and all skin diseases. K. E. Zichefoose, Adolph, W. Va., says: "My little daughter had white swelling so bad that piece after piece of bone worked out of her leg. DeWitt's Witch Hazel Salve cured her." It is the most wonderful healing salve in the world. Beware of counterfeits. Sold by W. F. Creighton & Son, 924 Queen street.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cure of colds, can be had for a trifle? For sale by Gibson & Timberman and W. F. Creighton & Co.

PAINFUL PERIODS

Suggestions How to Find Relief from Such Suffering.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. Menstruation is a severe strain on a woman's vitality. If it is painful or irregular something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

More than fifty thousand women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes painful and irregular menstruation.

It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Nellie Holmes of 540 N. Davision Street, Buffalo, N. Y., writes:

Dear Mrs. Pinkham:—

"Your medicine is indeed an ideal medicine for women. I suffered misery for years with painful periods, headaches, and bearing-down pains. I consulted two different physicians but failed to get any relief. A friend from the East advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and no longer suffer as I did before. My periods are natural; every ache and pain is gone, and my general health is much improved. I advise all women who suffer to take Lydia E. Pinkham's Vegetable Compound."

Mrs. Tillie Hart, of Larimore, N. D., writes:

Dear Mrs. Pinkham:—

"I might have been spared many months of suffering and pain had I only known of the efficacy of Lydia E. Pinkham's Vegetable Compound sooner; for I have tried so many remedies without help.

"I dreaded the approach of my menstrual period every month, as it meant so much pain and suffering for me, but after I had used the Compound two months I became regular and natural and am now perfectly well and free from pain at my monthly periods. I am very grateful for what Lydia E. Pinkham's Vegetable Compound has done for me."

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women.

The success of Lydia E. Pinkham's Vegetable Compound rests upon the well-earned gratitude of American women.

When women are troubled with irregular, suppressed or painful menstruation, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating, (or flatulency), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free. No woman ever regretted writing her and she has helped thousands. Address Lynn, Mass.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, APRIL 7, 1905.

MAYOR PAFF has issued orders in regard to the proper policing of the city and holding the policemen responsible for permitting the violation of the city ordinances on this important subject. In this the Mayor will be sustained by all good citizens, and the officers should understand that they have other duties besides arresting drunken and disorderly persons or those who have committed offenses against the criminal code. Policing a city means, as much as anything else, keeping a city clean and in order, and such matters are sadly overlooked by the Alexandria police. The arrest of one citizen and the imposition of the fine would be a sufficient warning to others not to violate the sanitary laws of the city and the suspension of one policeman for failure to perform his duty in such cases would be a guarantee that the others would be more active in performing theirs. The city, especially the outskirts, should be kept clean.

THE ADMINISTRATION is not satisfied with the decision rendered by the Board of General Appraisers at New York on March 24, in which it was held that the President had no legal right to postpone the date on which the Cuban reciprocity treaty went into effect from December 17 to December 27, 1903. The matter will be carried to the Court for review. Assistant Secretary of the Treasury Reynolds has forwarded instructions to Collector Thomas, at Philadelphia, in which he says:

"In order that the question at issue may be reviewed in the United States Circuit Court for the Eastern district of Pennsylvania, you are hereby directed to file an application for review of the said decision of the Board of United States General Appraisers, in accordance with the provisions of section 15 of the customs administrative act of June 10, 1890."

THAT part of the administration which is now in Washington is not disposed to become entangled in the Moroccan affair to oblige the Kaiser or anyone else, and for the present, therefore, this government will make no move calculated to give encouragement to the Kaiser's alleged plan for the calling of an international conference to consider the future of the Moorish Empire. What the President may do when he returns, flushed and more strenuous than ever from his hunting exploits in the southwest, cannot now be told. It is hoped by that time even this will have so changed the situation as to Morocco that the mooted international action will no longer be under consideration and thus the necessity for this government taking a well-defined position will have passed.

IT WAS announced semi-officially in Washington yesterday that a general reorganization of the clerical forces of the entire Treasury Department, including the six auditing divisions, will take place July 1, and that this will be done along lines suggested by the President to Secretary Shaw before the former's departure for the West. In this reorganization it will be the object to place in office for the more important places men who are more closely identified with Mr. Roosevelt in a personal way than any who are now drawing salaries from the government. This looks as though the President was strengthening his fences

PRESIDENT ROOSEVELT seems to have made another appointment without legal authority. His designation of C. E. Grunsky as engineer for the irrigation reclamation service, at a salary of $10,000 a year, is sharply condemned by members of Congress. Congress did not make any provision for the salary of such an office as Mr. Grunsky has been selected to fill. The President arbitrarily created the office and salary. It is believed his course in this respect will alienate many friends in the Senate and House.

DESERTIONS in the American navy have been made the subject of a very thorough inquiry by the Bureau of Navigation and the Navy Department professes to congratulate itself that only 10.7 per cent. of the enlisted force of 30,066 men deserted. This to other than navy men would appear a serious matter, especially in these piping times of peace, and prompts the inquiry as to what might not be the desertion percentage in time of war.

THE legislature of Nebraska has appropriated $250,000 to be used for the construction of a factory for the manufacture of binder twine. This action is taken on the ground that the so-called binder twine and cordage trust has been monopolizing this trade. The plant will be built at Lincoln, near the State prison, and the inmates of the penitentiary will do the work. Nebraska, Iowa, Kansas and the Dakotas consume thousands of tons of cordage yearly.

A SURVEY of the improvements in the burned district of Baltimore has just been completed. It shows that 287 new buildings are now occupied, and it is estimated that more than 1,000 firms and individuals are doing business in the district. The new structures include fifty-six five story, twenty-five six-story, seven seven-story, one twelve-story and two sixteen-story buildings.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., April 7.

Mr. Leger, the Haitian Minister here, today called on Secretary of War Taft and registered another complaint against United States Minister Powell for having a week or so ago reported that a revolution was impending in Hayti and asking that a warship be sent to guard the American interests. In response to this the Brooklyn was sent there. The revolution did not materialize and the Brooklyn departed almost as soon as she arrived. Minister Leger protested that the publication of these alarming reports from Minister Powell when there was nothing upon which to base them had resulted in preventing the successful conclusion of a loan which the Haitian government was about to negotiate in Europe. While the Haitian government has not yet made a formal demand for Minister Powell's recall it has through Mr. Leger indicated very strongly that he is no longer entirely persona grata and it is quite possible that more definite instructions regarding the matter will be received by the Haitian Minister by the next mail.

Secretary of War Taft has ordered a trial by court martial of First Lieutenant George S. Richards, jr., of the 23d infantry, at San Francisco. Richards was recently tried on the charge of duplication of his pay accounts and acquitted on the ground of insanity, but subsequently a medical board examined him and pronounced him sane. The secretary's present order is for a new trial on additional charges of the same character.

Officials of the State Department refuse to get very much interested in the so-called situation, so far as it effects the United States, which has been raised by Germany with regard to Morocco. They point out that it was an American, Admiral Porter, who nearly a century ago secured the "open door" in Morocco, and it has been kept open ever since so far as the trade of the United States is concerned.

As a result of the employers refusing to increase the wages of paper hangers from $3.20 to $3.50 a day, an order was issued by Paper Hangers' Local Union No. 420, declaring a strike, which went into effect this morning. It affects almost three hundred men.

The President has re-appointed David A. Robinson postmaster at Dallas, Texas.

Fight in D. A. R. Warms Up.

Things are warming up for the campaign for the next president-general of the Daughters of the American Revolution. At present there are but three candidates who will strive for the honor. These are Mrs. Sternberg, wife of the former Surgeon General of the army, who has the support of Mrs. Fairbanks, the retiring president-general, and of the entire National Board; Mrs. Charles Warren Lippitt, wife of the former governor of Rhode Island, who represents the faction which is opposed to the centralization of power in the National Board, and Mrs. Donald McLean, who stands for individualism and chapter rights. The election of Mrs. Sternberg is almost conceded, if Mrs. Lippitt can be prevailed on to withdraw from the race. The latter has arrived in Washington to take part in the three important meetings. The first is that of ways and means, of which Mrs. Sternberg is chairman, and which must raise funds to see the Continental Congress through. The funds have been exhausted in preparing the basement of Continental Hall for the congress. The usual monthly meeting of the National Board and the regular meeting of the Continental Hall Committee will also be held. But the real business is to get the opponents of the National Board into line.

Mrs. McLean is alleged to be opposed to the Continental Hall movement, but her chapter has been generous in its support. Mrs. Sternberg claims the support of 25 chapter regents, and Mrs. McLean claims 26, but neither side allows the claims of the other, and the contest promises to be unprecedented in its bitterness.

Spotted Fever in Germany.

A dispatch from Berlin says that spotted fever has been raging for several months in epidemic form in Silesia. Much alarm exists among the people, especially the laboring population, and many have fled from the district. The disease is beginning to make its appearance in other parts of the country. Seven new cases and several deaths are reported from Konitz, west Prussia, and 30 families have deserted the place. Several cases are also announced in the province of Saxony. The epidemic in Silesia has assumed such an alarming form that some members of the Diet interpellated the Prussia government yesterday regarding the measures taken to check it. Dr. Studt, Minister of Medical Affairs, replying, said the school shad been closed in the infected district to prevent the spread of the disease and that efficient disinfecting apparatus had been put in use. Printed matter instructing the people how to combat the disease, Dr. Studt said, had been widely circulated. He added the epidemic had begun to subside. The doctor added that about 1,200 cases had occurred in the Oppeln district, with about 50 per cent. of fatalities, and that 60 cases and 9 deaths had been reported from the Breslau district.

Death from Rope-Jumping.

Little Louise Rivers lost her life Tuesday in New Rochelle, N. Y., in a successful effort to become the skipping rope champion of her neighborhood. She was the eleven-year-old daughter of Philip Rivers and was a pretty, high-spirited child. To jump the rope 200 times has long been the championship record of the district. Little Louise has often tried in vain to accomplish it. When she began jumping Tuesday afternoon she looked as well as usual. At the 100 wark her face was flushed but happy. As she approached the 200 mark she was pale and tired, but she doggedly kept on jumping. At 218 Louise stopped. She walked a few steps then fell complaining of a pain in her side. She was taken to the New Rochelle Hospital, where the doctors said she had acute appendicitis. An operation was performed Tuesday night, but the child soon afterward died.

News of the Day.

The Pennsylvania State Senate committee yesterday defeated the bill for an eight-hour work day in the anthracite coal field.

The federal grand jury at Chicago, which is investigating the "beef trust," it is said, also will investigate certain charges of perjury.

Ugly rumors are afloat at St. Petersburg that the revolutionists intend to mark the festival of the Annunciation on Friday by a terrible outrage.

Though there was no opposition to the match, and everybody favored it, Dr. Hiram H. Gunby, 73 years of age, and Mrs. Sallie R. Patterson, 55 years old, both of Crisfield, Md., eloped from that place and were married in Philadelphia yesterday afternoon.

A dispatch to a London news agency from Calcutta says Lady Curzon, formerly Miss Leiter, of Chicago and Washington, wife of the Viceroy of India, had a narrow escape during the earthquake at Simla. A massive chimney fell through the roof and ceiling into the room above that in which she was sleeping.

Dissension in the Equitable Life Assurance Society, caused by a struggle of opposing financial interests for the control of the $410,000,000 assets and surplus, ended in a love feast at the much-heralded meeting of the directors in New York yesterday afternoon. The two-year mutualization plan was adopted without a dissenting vote. There were no resignations and no elections to the vacant directorships. The places will be filled at a special meeting on a date not yet fixed.

Supervising Inspector George H. Uhler, who has just returned to Washington after an extended trip, said yesterday that he had found the steamboat service of the country in better condition than it ever had been before in the history of the country. The Slocum disaster had an injurious effect upon the excursion business. In some localities it had caused a loss of 75 per cent. in the business. It is generally conceded that the falling off averaged 50 per cent. "The labor and expense of putting steamboats in condition to meet the new requirements of the inspection service," said Mr. Uhler, "has been very large."

A TERRIBLE CRIME.

Unexpected disclosures yesterday show that what was originally thought to be a young wife's attempt at suicide was in reality a horrible double crime by a brutal negro. Rendered speechless by a knife cut extending from ear to ear, Mrs. Bessie Brandow, by signs, told the police yesterday a story of an outrage attempted upon her by a negro, who, thwarted in his purpose, had tried to cover up his crime with murder. The victim is in the Pennsylvania Hospital and her death from the terrible knife thrust is believed to be a question of only a few hours.

The double crime was committed at the woman's home in the rear of No. 816 Kater street, on Monday morning. It was first supposed that Mrs. Brandow had attempted suicide, but Detectives Bond and Gallagher, who had been assigned by Captain Donaghy to make an investigation, were not satisfied with this explanation. The woman has been unconcious nearly all the time since she was taken to the hospital and could render the police no help in their investigation until last night, when she rallied for a short time

She answered the questions put to her by Clerk Moffit, of the Central Police Court, by holding up her fingers or by nodding her head, and gradually the story of the awful crime was unfolded. When she had concluded the story Detectives Bond and Gallagher, with Special Policeman Ryan, of the Second district, went to a house on Bainbridge street, above 8th, and arrested Charles Williams, the negro whom Mrs. Brandon accuses of the crime.

The prisoner, with another colored man, was taken to the bedsidse of the dying woman, who identified him as her assailant. From the hospital Williams was taken to the City Hall and locked up. He declares he is innocent of the charges made by the woman.—[Philadelphia Record.

Philadelphia, April 7.—Mrs. Bessie Brandow, aged 21, who was murderously assaulted by Charles Williams, colored, is now dying in the Pennsylvania Hospital. Since she was admitted to the hospital, it has been necessary to feed the woman through the nose by means of a tube. The double crime was committed at the woman's home on Monday morning. It was first supposed that Mrs. Brandow had attempted suicide, fearing the burdens of motherhood, as she had frequently threatened to do. The negro claims he can prove an alibi. Besides the attempt on her life, by cutting her throat, Mrs. Brandow makes other equally as serious charges against Williams.

M. P. CONFERENCE.

At the afternoon session of the Maryland Annual Conference of the Methodist Protestant Church at Salisbury, Md., yesterday, Rev. Dr. T. H. Lewis, president of Western Maryland College, was elected commissioner from this conference to the council of the Methodist Protestant, Congregational and United Brethren Churches, on the question of union.

The secretary cast the ballot for Dr. J. W. Hering as an alternate commissioner.

Clarke Memorial Church requested the loan of J. S. Bowers for the year, and the request was referred to the committee on fraternal relations. St. John's Independent Methodist Church requested the loan of F. T. Benson; referred to the same committee.

Lewis T. Harmon, of Indian Mission, was transferred to the lay roll. The trustee of this conference submitted their report, stating that N. T. Meginnei had been elected to succeed J. G. Clarke, deceased. J. L. Mills, J. M. Sheridan, Rowland Wath, T. A. Murray and N. T. Meginnei, whose term expired as trustees this year, were re-elected upon ballot by the secretary.

The board of governors of the Westminister Theological Seminary reported 25 students for the year and the buying of some property contiguous to the seminary property.

A temperance meeting was held last night, when Hon. Volney B. Cushing, of Bangor, Me., spoke. Daniel Baker, of Baltimore, presided.

A missionary meeting will be held tomorrow night. J. W. Kirk will preside and F. C. Klein will make the address.

Virginia News.

Robert T. McLeod, who had been in the Virginia State auditor's office since 1884, died at Memorial Hospital, Richmond.

Mrs. Susan Fuget djed Wednesday at the home of her daughter, Mrs. P. H. England, in Stafford county, after a long illness, aged eighty years. One daughter and one brother survive her.

Mr. Samuel A. Wrenn, Commissioner of the Revenue for the North Side, Fairfax county sustained a stroke of paralysis a few days ago. For some time past he has been staying with his brother, Mr. W. C. Wrenn, at Herndon, and he was there when stricken by disease. His condition is said to be very critical.

Robert L. Wharton, a traveling man, who married a Petersburg woman in Washington January 27, 1904, is wanted for alleged bigamy. It is said that Wharton's wife No. 1, whom he married on February 10, 1891, at St. Paul, Minn., now resides in Washington. Wharton and wife No. 2 have been living in Savannah, Ga.

The vestry of Ritchie Memorial Episcopal Church, at Claremont, will ask Rev. Frank Ridout to return from Fincastle and testify regarding an assault alleged to have been made upon him in the church by Rev. D. F. Ward, the present rector. Mr. Ward denies the statement of Mr. Rideout that he attacked the latter. A sensation is likely to come when the two meet before the vestry.

Perry Farmer, 30 years old, met a most tragic deaths at his home, west of Tazewell, yesterday. He placed a stick of dynamite in his mouth, set fire to the fuse and his body was blown into shreds. The explosion also wrecked the room at his home which he had selected for his death. No motive is given by his parents for the suicide, save that Farmer's mind was unbalanced, and that he wanted to put himself out of the way.

Defends Mr. Rockefeller.

Mr. S. C. T. Dodd, chief solicitor of the of Standard Oil Company, in New York, made a statement yesterday in defense of Mr. John D. Rockefeller and of the Standard Oil Company, in connection with the controversy ever the acceptance of Mr. Rockefeller's gift of $100,000 to missions.

He says that the statement that Mr. Rockefeller made his money dishonestly, "if false, is vile, and being made by ministers in the pretended interest of morality is doubly vile."

The assertion is made that the Standard Oil Company does not own a share of stock of any railroad company, does not control any railroad company, and that since the enactment of the Interstate commerce law it has had no advantages over competitors as to railroad rates.

Mr. Dodd, referring evidently to the Lawson magazine articles, states that Mr. Rockefeller had no connection with or interest in, directly or indirectly, the organization of gas and copper companies.

The acceptance by the Standard Oil Company of rebates from railroads, "prior to the enactment of the interstate commerce law," was justified because "the rebate system was universal," and each shipper made the best terms he could. The system was in existence, and the Standard could not do business without "submitting" to it.

Gen. Fitzhugh Lee and the G. A. R.

For the first time a Confederate veteran, Gen. Fitzhugh Lee, will participate in the Memorial Day celebration in this city. General Lee will deliver the oration to the William L. Curry Post, No. 18, Grand Army of the Republic, in its exercises in the Walnut street Presbyterian Church.

Those exercises will be held Wednesday night, May 25. Bishop C. C. McCabe, of the Methodist Episcopal Church, and chaplain of the Curry Post, will also speak. In consequence of the invitation to the famous Confederate general to take part in services in memory of the men who fell victims to Confederate shot and shell, there has been much criticism. There are some of the veterans who have defined the Curry Post's act as radical.

Colonel John W. Frazier, the post commander, said: "It is the aim of our post to emphasize its sentiment that reconciliation and good fellowship between the North and the South must be established fully and forever. The further desire is that Philadelphia and Richmond, Pennsylvania and Virginia, shall be brought closer together.—[Philadelphia North American.

Killed Lover and Herself.

Hill A. Ballard, a young employe of the Merrimack Manufacturing Company, of Huntsville, Ala., and a nephew of Gov. J. I. Cox, of Tennessee, was shot and killed yesterday by his jealous sweetheart, Miss Oma Harding, also a mill-worker, who then turned the weapon upon herself and fired a bullet into her breast that caused her death within a few minutes. Miss Harding went to Ballard's boarding house and sent up word for him to come down. He opened the door and invited her in, but she drew a pistol from the folds of her dress and opened fire on him at close range, the bullet striking him on the breast and he fell. The woman then shot herself while standing at the door and was dead when neighbors reached her side. Ballard died six hours later. He had run away from home in Bristol, Tenn., and was working for the Merrimack company at a dollar a day. Before dying Ballard said he and Miss Harding were engaged to be married in May. The only cause he could assign for the deed was her jealousy of her room-mate, Miss Roland.

Young Woman Fatally Stabbed.

New York, April 7.—A young woman who gave here name as May Wilson but refused to disclose her identity, died in St. Vincent's Hospital at 9:20 o'clock this morning from a frightful stab wound inflicted shortly after midnight in the Hotel Lawrence, No. 80 east 13th street. Before she expired she identified James Boyne, steward of the Avon Beach regular democratic club, as the man who stabbed her. Boyne declared he never saw the woman before he confronted her in the hospital for the purpose of identification. The young woman was about 20 years old, and Boyne gave his age as 21. Blood was found on Boyne's hands and the sleeves of his shirt, also upon his vest. He was arranged in the Police Court later and committed to await further examination. The stabbing, according to Police Captain Bourke, is undoubtedly the work of a degenerate with a mania for murder. The stabbing was most mysterious. A man and a woman went to the Hotel Lawrence shortly after midnight, and after registering as "Mr. and Mrs. Smith," were assigned to a room on the second floor. An hour after the man and the woman were in the room a crying sob was echoed through the block. The scream was heard by Mrs. Bertha Newell, proprietress of the house, and by Minnie Smith, a chambermaid. The chambermaid ran to the second floor and was peeping through the keyhole of the room occupied by the couple, when the door was thrown open and a man rushed out, hat and overcoat in hand. On the bed lay the woman fully dressed, with blood pouring from a great wound in her abdomen. The chambermaid followed the man to the ground floor. Mrs. Newell and the chambermaid tried to catch hold of the man, when he said: "I have not stabbed any one. I am perfectly willing to wait for the police." Detectives Lloyd and Kenyon, who happened to be near by and who heard the shriek, came up and placed the man under arrest. One of the detectives went up to the room and tried to arouse the woman but she closed her eyes and refused to give any information. It was plain that she was trying to protect the man, and that she was concealing her own identity. An ambulance was called, and the woman was removed to St. Vincent's hospital. There it was found that four inches of a broken knife blade was still in her abdomen. The blade had pierced the abdomen wall, and had made half a dozen punctures in her intestines. The doctors told her she would die, but she remained obstinately silent. A search of the room in which the stabbing occurred brought forth a broken case-knife, the blade of which had been about fourteen inches long. The knife did not belong to the house, and had been brought there by either the man or the woman.

Boyne was taken to the Mercer street police station and questioned at length. He persisted in his first statement that he did not know the woman, that he had never seen her before, and that he had not stabbed her. Later he was taken to the hospital and into the presence of the dying woman. "He stabbed you, you say?" Captain Bourke asked the woman after she had identified Boyne. "Yes, he did," she answered. "I met him at Third avenue last night. He asked me to go with him, and I did, like a fool that I was. I was talking with him in the room when suddenly he seized me from behind and plunged a knife into my side. I tried to fight him off, and I did. Then he ran at me and buried the knife in my stomach. I don't know why he did it. We had no quarrel and no angry words."

Five Hundred Persons Buried Alive.

London, April 7.—A dispatch from Lahore, British India, to the Exchange Telegraph Company says that 400 men of the Seventh Gurkas regiment, twenty men of the first battalion of the First Gurkas, and fifty of the second battalion of the same regiment were buried alive in the recent earthquake at Dharmsala, and that there is no chance to rescue them. Six additional deaths of Europeans have been reported at that town. It is believed that the whole Kangara valley in Punjaub has been devastated. It is reported that the town of Kangara has been ruined and that enormous loss followed the earthquake. Kangara is the capital of a district of the same name in the Jullinder section of the Punjaub, and has a population of about 50,000. There is no confirmation of the reports regarding the loss of life, as the telegraph service has been stopped entirely. The officials are extremely reticent in regard to the disaster.

Lahore, British India, April 7.—A private telegram received here states that the whole town of Palanhur is leveled with the ground. The authorities have been unable to confirm the report. Palanhur is a British agency controlling eleven native states in the northeastern part of the province of Guzerat. The population is about 20,000. It is the capital of a State of the same name having about 225,000 inhabitants.

Prolonged Session of Parliament.

London, April 7.—The House of Commons was in session all night and did not adjourn until 9:15 this morning. The army bill was up for discussion, and the House was held while it was passed by sections. The session became hilarious as it became evident that it would be prolonged. The Irish members contributed to the fun by singing Gaelic, Welsh, and English songs in the lobby. The government was able to pass the bill, the majorities ranging from 35 upward. Premier Balfour's ineffective leadership has been emphasized by the crushing defeat of the conservative candidate, Gerald Lode, junior lord of the treasury at Brighton. The old conservative Morning Post editorially slashes Mr. Balfour this morning. Many members are anxious to see the aliens' bill passed, but it is not expected that this will happen or that the government can survive long. The date for an election is generally fixed by the politicians for some time in June.

King Edward in France.

Marseilles, April 7.—King Edward arrived here this morning and was warmly welcomed by the perfect and the British consul. The king immediately went aboard the royal yacht, the Victoria and Albert, where Queen Alexandra and the other members of the royal family awaited him on the deck. It is not believed the vessel will sail today owing to the bad weather.

In replying to the address of welcome delivered by the prefect, King Edward expressed his pleasure with the long conversation he had with "my friend M. Loubet." He added that he intended to spend two days in Paris on his return from his cruise.

Paris, April 7.—President Loubet today communicated to the council of Ministers the conversation which he had yesterday with King Edward. He stated that the interview was of the most cordial nature. In the Chamber of Deputies, M. Delcasse, Minister of Foreign Affairs, requested an adjournment of the interpellations in regard to the Moroccan question, and this was voted by the members.

The Eastern War.

St. Petersburg, April 7.—Messages which have arrived from the army in Manchuria indicate that the Japanese advance has been checked for the present, and that the enemy has even been forced to retire. A dispatch from Gen. Karkevitch, Gen. Linevitch's chief of staff, says that the Japanese have been forced to retire on Sumushu, Manchuria. A battle, in which 6,000 Chunchuses were engaged, has been fought, but the result is not known.

Tokio, April 7.—An important war conference which lasted from 10 o'clock this morning until 3 p. m., was held today, at the house of Count Katsura, the premier. The conference was attended by the Marquis Ito, Field Marshal Yamagata, Counts Matsukata and Inovye, and the Ministers of War, Marine, and Foreign Affairs. An official statement issued today says that the bulk of the Russian force made an unsuccessful attack on Chichatun and then retreated to Shumiencheng. The rest of the army is moving along the Fenghwa road.

St. Vincent's Volcano Uneasy.

Kingstown, Island of St. Vincent, April 7.—As earthquake shocks have been felt on the Islands of St. Christopher Dominica and Antigua, and at Pointe-a-Pitre, Guadeloupe, and intense heat has prevailed here, the Chief of Police and two constables on April 3 made the ascent of La Soufriere.

They report that they found the area of the lake diminished, and that they met with water green and boiling on the north side of the lake, steam rising from all over the lake for the first time since the great eruptions of 1902. Steam was also exuding from a large crack in the lip of the crater and from numerous fissures inside the crater.

The party was alarmed by a sudden disturbance which caused the water in the lake to change color to a dirty red. As the subterranean activity seemed to be increasing the party hastened away.

Dead Man Identified.

San Francisco, April 7.—The dead man whose partially dismembered body was found Wednesday night has been definitely identified as that of Harry Una, an Italian peddler. Officers have been unable to find Una's home. A youth named Henry Heinze says he is positive the body is that of Una. Several patrolmen stationed in the Italian quarters say they knew the man by sight and say he was a bootblack. One officer thinks the murdered man was a witness in an Italian murder case years ago, in which a man named Crudo was sent to prison for twenty years. Relatives of Crudo are said to have declared they would get vengeance. An autopsy shows the man was killed while at dinner, as undigested food was found in his stomach and lodged in his throat.

Strike in Chicago.

Chicago, April 7.—Today witnessed the inauguration of a strike among the teamsters employed by the mail order house of Montgomery Ward & Co., and employers throughout the city are expecting a spread of the trouble to other industries. The teamsters went out in sympathy with the garment workers. Both the garment workers and the teamsters have established picket lines in the endeavor to prevent non-union employes from taking their places. Chief of Police O'Neill has placed a cordon of 25 police around the building, and holds a large force in reserve at headquarters only a few blocks away expecting a recurrence of former riotous times, at any moment. The fight is to be one of a finish, both sides declare.

Germany and Morocco.

Berlin, April 7.—The appointment of Privy Councillor Rosen, who until recently was special envoy of Germany to the Court of King Menelik, of Abyssinia, as German Minister to Tangier, to succeed the late Baron von Mentzingen, is regarded as very significant. Herr Rozen is an expert orientalist and is proficient in the Moroccan dialects. He is a favorite and friend of the emperor and of Chancellor von Buelow, and his appointment is taken to indicate that Germany intends to push her policy in Morocco. Herr Rosen is the first Jew to represent Germany abroad in a diplomatic capacity, and is a grandson of the famous piantist, Ignaz Moscheles.

Full of Tragic Meaning

are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from this terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At E. S. Leadbeater & Sons, druggists; guaranteed; 50c and $1.00. Trial bottle free.

Best Cough Medicine for Children.

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. The President in Texas.

San Antonio, Tex., April 7.—This afternoon President Roosevelt is at heart no longer the chief of the United States, but a simple colonel of rough riders. He is in camp with them from which are excluded all other people. The reunion has assumed a very informal aspect, and the President is wringing the hands of men who fought at San Juan Hill. He was the guest at the rough riders lunch this noon. The meal consisted of the regular army ration.

The address of the day was delivered at the Alamo Plaza from a grand stand erected at the side of the Aloma building. The plaza capitol, holding 30,000 people was packed. All southwest Texas was present. A squadron of rough riders was formed as the escort of honor to the President.

David Phillips' Death.

Lynn, Mass., April 7.—An autopsy on the body of David Phillips, the millionaire president of the Grand National Bank of Marblehead, who was found dead in the ocean near his home at Phillips Beach, late yesterday, was held today. Aside from the scratches on the face and head, which are attributed to the rocks in the water, no marks of violence were found and medical examiners found that death was caused by drowning. This sets at rest the theory of foul play and no doubt now exists in the minds of the police that Mr. Phillips committed suicide. At Mr. Phillips' home today it was said that there was no known cause for his suicide. The members of the family do not accept the suicide theory and believe that he did not voluntarily end his life.

Confession of Wife-murderer.

Philadelphia, April 7.—After a long legal wrangle, at the inquest held by the coroner, this morning, in the case of Percy Cundy, the young lace worker, charged with the murder of his wife, his confession that he had planned both murder and suicide, but that his nerve failed him, as he pressed the revolver muzzle against her forehead, and that she herself pulled the trigger, was admitted in evidence. The father and brother of the dead woman appeared, gave testimony favorable to Cundy, and pleaded for his release, but he was committed to prison without bail. Cundy grieves unceasingly over the tragedy and his failure to end his own life and is almost a wreck both physically and mentally.

Condition Improving.

Washington, Conn., April 7.—The condition of United States Senator O. H. Platt, who is ill at his home following an attack of bronchial pneumonia, was reported to be much more favorable this morning. The slight congestion which appeared in the lungs yesterday which, it was feared, indicated a return of the pneumonia, had entirely passed away this morning, and the patient was reported to be brighter and better.

New York Stock Market.

New York, April 7.—The stock market opened active and buoyant, the sellers on the reaction yesterday being apparently anxious to buy back the stocks they parted with yesterday. Quite a little influence upon sentiment was exerted by the latest speech of President Roosevelt indicating that he desired to have justice done to the railroads in any legislation for regulation which he could persuade Congress to adopt. The practically official announcement of the abandoment of further litigation over the Northern Securities situation, was also considered highly favorable. Further influential buying of United States Steels caused further gains, the preferred making a new high record of 103. There were indications of steady absorption of the common. Nearly all the houses handling Western speculative accounts were aggressive buyers. The room was full of bull points on Pennsylvania, St. Paul, and Reading.

FOREIGN NEWS.

A fire occurred on the White Star steamship Arabic at London today. The damage was slight.

It is announced that the Prince of Wales has practically recovered from the operation which he underwent recently.

Secretary of State John Hay has reached Nervi, Italy, where he has taken apartments at the Hotel Eden. He will remain there for a fortnight.

By a ministerial decree the Paris medical school was closed today. The order is the result of recent disturbances on the part of the students of the institution.

The emigration commissioner of Central Australia has proposed the establishment of a Jewish colony in that region. He says there is a vast fertile area, awaing cultivation, and expresses the hope that the Zionists will favor the scheme to found a colony there if the east African locality proves undesirable.

Interesting Test.

The results of the tests conducted at the Indian Head proving grounds Wednesday, the purpose of which was to determine the resisting power of warships to the different types of shells which might be hurled against them in time of action, were satisfactory to the officers of the navy and army who witnessed them, as is shown by the following statement issued yesterday by the Bureau of Ordnance of the Navy Department:

"An interesting test took place at the naval proving grounds at Indian Head Wednesday in the presence of a large number of officers of the navy and army. A target structure, representing in all details a section of one of the armored cruisers of the Tennessee class, was attacked by shells fired from the 6-inch and 8-inch guns, with the same striking velocities which these shells would have had if fired in service at ranges of 2,700, 3,000, 4,000 and 4,500 yards. Some of these shells were loaded with black powder and some with high explosive. The object of the test was to determine the resisting power of the ships to the different types of shells by which they would be attacked in action. The result was very satisfactory, indicating that these ships may be expected to stand up well against the guns of any ships to which they will naturally be opposed. At the end of the test the target, although considerably damaged locally, was intact so far as its structural elements were concerned."

Snow fell yesterday in South Carolina, Alabama, Mississippi and other Southern States.

School Board.

At the monthly meeting of the City School Board, held last night, there were present, Capt. Herbert Bryant, chairman; and Messrs. Thompson, Yates, Stabler, Ramsay, Thomson, Carne, Boothe, Smoot, Carter and the Superintendent.

Mr. Stabler reported that the fire escape at Peabody building had been broken and that the Mayor had promised protection but the protection was not effective. He also reported that some slight expenses had been incurred for the several buildings.

Mr. Carne asked if in an least one room in Peabody building in case the fire escape was used, the children would not have to be dropped form the window to the platform of the escape.

Mr. Stabler explained that the plans had been drawn by the City Engineer and the escape constructed according to these plans. Mr. Stabler also stated that in placing the sewer trap in the cellar of Peabody building, one of the walls seemed to have been weakened.

The committee on schoolhouses and furniture were requested to consult with the City Engineer in regard to the matters discussed.

Several bills for repairs and supplies were ordered to be paid.

The Superintendent reported that during the past month he had visited all the schools and found them to be in good working order. During the month three white teachers had been absent one day each and one five days, but that their schools had been kept open by substitute teachers. One of the colored teachers had been absent five days, during which his school was closed, and one had been absent two days, but that the school had not been closed. He also reported that the attendance during March had been better than during February.

In answer to an inquiry by Mr. A. H. Thomson, the Superintendent stated that the excuses for the absence of the teachers were all good and sufficient.

The Superintendent reported that in accordance with the permission of the Board, he had allowed L. M. Johnson, a teacher from Washington, to give lessons in sewing to the pupils of Hallowell school and read an encouraging report from the principal of the school on the subject, which showed that eleven sewing classes had been formed in the school.

Just as the board was about to adjourn, the clerk stated that a resolution had been passed at the last meeting of the City Council asking information concerning the school finances, &c., but that the resolution had not been sent to him. A general discussion of the matter then followed, but no action was taken as nothing official was before the board.

Gymnasium Tourney.

On Saturday, the Episcopal High school will give their first school gymnasium contest. There will be a large grandstand prepared for the occasion in the new gymnasium, to seat visitors, and it is believed that the contest will prove a success.

In addition to the twenty-five or more boys out every evening for practice on the track team, there are equally as many practicing daily for the gymnasium contest. In the last year the gymnasium at the school has been greatly improved, and now contains all modern apparatus.

The track meet at the High School is progressing rapidly and the interest there is kept up by the daily practice of their team, and the work on the field and track.

It is expected that Capt. Joseph E. Willard, an old High School boy, would act as one of the judges for the meet. Capt. Willard, however, finds that it will be impossible for him to attend. Dr. George W. Orton, of the University of Pennsylvania, will take his place. Capt. Willard has offered to give the handsome silver cup to the individual winner of most points in the first class.

Committee Meeting.

A joint meeting of the committees on public property and finance was held last night, when the matter of making some alterations at the station house was considered by the joint committee. The plans, which show the purposed changes and the specifications for the work, both carefully prepared by City Engineer Dunn, were examined and commented on. The plans are said to be quite elaborate, and would cost near $1,400, or more. No results were reached, as some members do not consider the matter urgent, although at times it was made the subject for gossip.

During the meeting Mayor Paff was present a portion of the time, and made a brief statement regarding the proposition of two gentlemen of Leesburg to establish a pork factory on the canal property owned by the city. There is nothing as yet tangible in Messrs. Graham & Hickman's proposition, so it being in a preparatory state, the committee indicated a preference to first discuss the proposal with the two gentlemen.

Upon the dissolution of the joint committee the committee on finance examined, cancelled and destroyed the coupons which had been paid since January 1st, the interest on the bonds of 1879, amounting to $12,624.99, and the issue of 1902, amounting to $870.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Henry Jenkins, colored, arrested by Officer Lyles charged with assault and beating William Lyles, was fined $5.

William Young, colored, arrested by Officer Gill charged with lunacy, had his case continued.

Benjamin Thomas, colored, arrested by Officer Roberts charged with assault and beating Maggie Bell, forfeited $5.

Seminary Notes.

This has been quite an interesting week at the Episcopal Theological Seminary, near this city. On Monday last Archdeacon Tyler, of Virginia, delivered an address on Diocesan Missions; on Tuesday Rev. W. H. Faulkner, of Baltimore, preached; on Wednesday evening Mr. C. S. Thomas, of Philadelphia, treasurer of the General Mission Society, made an address before the students.

Shot by an Italian.

The police headquarters in this city were notified last night by telephone that George W. Malcombe, a deputy sheriff at Lorton, Fairfax county, had been shot and seriously injured by an Italian, for whom he had a warrant of arrest. The Fairfax authorities asked that an officer be sent from this city to effect the capture of the man. Lorton is about fourteen miles from this city, and the request for a policeman could not be granted Malcombe, it is said, was about to serve the warrant when the Italian drew a revolver and shot the officer several times, inflicting serious wounds. Malcombe was taken to the Emergency Hospital, at Washington, last night The assassin made his escape. Dr. Snowden, of this city, was summoned to Lorton to attend the injured man.

Additional details concerning the affair were received here today:

The Italian who was employed by W. H. Quigg & Co., railroad contractors in the commissary department, it is alleged, went to Lorton Valley in the afternoon and made undue remarks concerning the young lady scholars. Later Mr. Malcome went to Justice J. A. Hall and secured a warrant for the arrest of the offender. Mr. Malcome subsequently deputized John Grinsly and Robt. Harrover to assist in making the arrest. The Italian was located on the railroad track at Lorton station, and Mr. Malcome ordered him to submit to arrest. The Italian thereupon drew a revolver of .48 calibre and opened fire upon Mr. Malcome, the latter returning the fire. The second shot from the Italian broke the breech of the pistol in Mr. Malcome's hand, thereby disarming him. The latter then retreated, the Italian firing at him in rapid succession, emptying the five chambers of his pistol. The second shot from the Italian struck Mr. Malcolme in the abdomen. He was picked up by friends and a physician summoned. The latter directed him to be carried to the Washington hospital. Later the Italian went to the commissary department and secured two revolvers. He then returned to the scene of the shooting, defying arrest and flourishing the pistols, acting like an enraged fiend. No further attempt was made to arrest the man.

About 10:30 this morning the Italian attempted to commit suicide by shooting himself. Although his wound is serious and he was at first thought to be dead, he later showed signs of life, and was placed on a train and sent to a Washington hospital.

Personal.

Rev. William Meade Clark, of St. James' Church, Richmond, occupied the pulpit at the special Lenten service in Christ Episcopal Church last night and preached an able sermon.

Mrs. Benoni Wheat has removed to Washington, where she will reside for the present.

Mrs. Wallace J. Spraker, of Johnstown, N. Y., is a guest of Mrs. H. L. Ramey.

Miss Josie Robinson has returned from Norfolk.

Mrs. J. Armistead Carter is visiting her parents, Mr. and Mrs. P. J. Dempsey.

Mrs. J. H. D. Smoot has gone to Clarke county to visit her daughter, Mrs. F. M. Burch.

A brother of Rev. Dr. Micou, of the Theological Seminary, is seriously ill at his home in New York.

Names Changed.

The sidewheel steamer Sue, which for years was one of the most well-known steamers on the Potomac, has been doomed to have her name changed by her new owners, the Upper Delaware River Navigation Company, which purchased the vessel from the Weems Transportation Company. Hereafter the Sue will be known as the Bristol, after one of the ports of call on the Delaware. The name of the steamer John A. Warner, which was the running mate of the Sue on the Delaware, has been changed to Burlington. The Sue first appeared on the Potomac in the spring of 1875, when she took the place of the old steamer Columbia, which had for many years run on the route between this city and Baltimore. The John A. Warner was employed by the government during the civil war, and for several years ran on the Potomac.

Auction Sales Tomorrow.

Mr. Samuel H. Lunt, auctioneer, will offer for sale at noon tomorrow in front of the Royal street entrance to the City Hall a lot of ground with the improvements on the north side of Prince street, between Alfred and Patrick. Mr. Lunt will also offer at the same time and place a lot of ground on the west side of Lee street, between Wolfe and Wilkes.

Capt. R. F. Knox will at the same time and place sell two frame dwellings, Nos. 225 and 229 north Alfred street. He will also sell the old court house building on north Columbus street, and lot No. 1016 Cameron street.

The Fishery.

The weather during the past few days has interfered with the fishery, and receipts have fallen off. About 100,000 herring have been received at Fishtown since yesterday. They are selling from the vessels at $4 a 5 per thousand. The arrivals of shad have fallen off. The gillers of this city catch but one or two on a "drift." Roe shad are quoted at Fishtown at 38 and 40 cents each and buck at 15 a 18 cents. The catch of rockfish and perch continues satisfactory, but prices have undergone no material change.

Alexandria Canton.

A number of members of Washington Canton, No. 1, Patriarchs Militant, Independent Order of Odd Fellows, came here last night in full uniform and instituted Alexandria Canton, No. 2, the officers of which were recently initiated in Washington. The visitors left the electric train at the corner of King and Washington streets and from there marched in a body to Odd Fellows' Hall, attracting much attention. The Alexandria Canton starts with a membership of about thirty.

Order of the Mayor.

Mayor Paff has issued an order holding policemen responsible for all disorders or annoyances which occur in their respective beats. This is in accordance with certain sections of the rules formulated by the Board of Police Commissioners. As a result of this order, there has been an apparent diminution of the unseemly proceedings previously enacted in certain neighborhoods from which people had long and patiently suffered.

Case Continued.

Attorneys Andrew A. Lipscomb and Thomas M. Fields were called upon this morning in Washington to plead before Judge Wright to the indictment returned against them for the alleged embezzlement of nearly $16,000 of funds of the defunct Washington Beneficial Edowment Association, of which they were receivers. On motion of counsel for the defense the trial of Attorneys Lipscomb and Fields was continued until next Monday.

Death at the Hospital.

Mr. Charles E. Biggs, a well-known resident, died at the Alexandria Hospital last night. The deceased was 58 years old. He had recently been in ill-health and about two weeks ago was received into the hospital. Mr. Biggs leaves one son. He was a native of Baltimore, but came to this city when a young man, and had since resided here. He was for a long time agent of a sewing machine company.

Death of Mr. Larkin.

A dispatch received in this city today from Manassas states that Mr. L. A. Larkin, jr., a prominent lawyer of that place, died at his home this morning after an illness of some time. Mr. Larkin was about 40 years of age, well known in this city and throughout this section of the State and his death will be deeply regretted by a large number of relatives and friends.

Accident to Oil Stove.

Late yesterday evening an oil stove in an upper room of the frame house on the corner of Fairfax street and Fayette alley caught fire and considerably frightened the inmates. Officer Young hastened to the scene and by timely action suceeded in preventing what might have resulted in a disastrous fire.

Preparing for Reception.

The Epworth League of the M. E. Church South is making preparations for a reception to Rev. J. P. Stump, who was reappointed pastor, and Rev. Dr. Hutchinson, the newly appointed presiding elder for this district.

LOCAL BREVITIES.

The schooner B. R. Speddin has sailed from W. A. Smoot & Co.'s wharf for the Rappahannock, where she will load lumber for Baltimore.

It is reported that Mr. Charles Griffin, jr., who a few days ago fell through the pavement in front of the old Braddock House, will sue the city for damages.

In the Corporation Court today Judge Barley set aside the verdict in the case of Wm. Rogers vs. the Metropolitan Life Insurance Company and granted a new trial.

About 3,000 shad and 1,000,000 herring arrived at Washington yesterday. Shad sold at 20 to 25 cents each for roes, and 10 to 12 cents each for bucks. Herring brought $5 per thousand.

At the request of the officials of the Washington-Southern Railway Company, Judge Barley, of the Corporation Court, has appointed James A. Brown a police agent for that company.

One side of the iron bridge across the road in West End was placed in position yesterday. Work was in progress on the structure today, and it is said the bridge will be finish d in a few days.

Officer Beach found the front door of the Antlers Club on the southeast corner of Prince and Royal streets, open last night. He awoke the proprietor and searched the premises, but could find no intruder, nor was anything found to be missing.

"Paw, would it be ungrammatical to say, 'I seen you when you hid $10 under the bureau?'" "Yes, son, both ungrammatical and dangerous. When you are in doubt on such points always come to me, and never go to your mother."—[Cincinnati Tribune.

Mr. J. M. Petiit, jr., has opened a stand in the market, where will be found at all times a fine variety of seasonable articles.

War Against Patent Medicines.

Dr. H. W. Wiley, chief chemist of the Agricultural Department, is to make a strong fight against proprietary medicines. His attention about two months ago was attracted to the "patent" medicine business of the country. It was pointed out to him that these medicines were not such as would be prescribed by a practicing physician and that the ingredients were alleged to be composed of injurious drugs. Dr. Wiley at once started his agents to work. He had been criticised for a lack of "actual" results in many of his experiments, but in this instance he determined to prove that his theories were correct. His findings will be laid before the next session of Congress, when, it is thought, action will be taken. Assistants of Dr. Wiley say that he has found evidence against many of the patent-medicine concerns and they will be brought up with a sharp turn.

The Presbyterians.

Great interest is taken in the Presbyterian circles of this city, Eastern Virginia, and Maryland, in the meeting of the Presbytery of Washington city, which will convene next Monday evening in the Westminister Church in that city. The great questions now before the church are to be debated and final action taken, as this will be the last meeting of the Presbytery before the Presbyterian General Assembly convenes in Winona, Ind.

A warm debate is anticipated on the overture on separate presbyteries for the colored people, and allowing their organization on racial lines.

Water Tasted Strange to Him.

Happening upon a delivery wagon in a dark Chicago alley, William Coleman extracted therefrom what he supposed was a bottle of whisky. He sought a dark corner, took a deep draught, then threw several convulsions and yelled that he had been poisoned. To the Judge, Coleman yesterday admitted the whole affair.

"I've been punished enough, your Honor," he said.

"But that was only water you drank."

"Yes; it tasted strange and it certainly did put me to the bad."

The judge continued the case to see whether Coleman survives.

[COMMUNICATED.

As regularly as the spring comes around the tree butcher makes his appearance. This truly is a shame for the property owners to permit such wanton distruction of our beautiful trees. Certainly, whoever has jurisdiction in the premises, be it the city government or owners of said property, should prohibit it at once. Surely a momentary thought would suggest a discontinuance of this ignorant butchery. W.

John Holahan a Philadelphia business man, who had suffered reverses, threw himself beneath a train this morning. Both legs and arms cut off, head crushed and stomach injured, but he still lives.

Alexandria Gazette.

FRIDAY EVENING, APRIL 7, 1905.

Three Sundays to Every Week.

Commissioner Woodbury, of the Department of Street Cleaning in New York, speaking recently of Mayor McClellan's letter requesting him to stop the work of street cleaning on Sundays, said:

"There are three Sundays in each week observed in this city. The Syrians observe Friday as their Sabbath, the Hebrews Saturday and the Christians Sunday. We cannot stop cleaning the streets three days in every seven. The sweepers and drivers in the department work only half a day every other Sunday. That much work is necessary to keep the streets clean."

Heroic Treatment.

A method of treating cerebal meningitis which is attracting attention has been applied successfully by Dr. E. B. Schallenbach, of Boston. It is the simultaneous application of extremes of temperature by packing the patient from the waist to the top of the head in cracked ice, and covering the lower half of the body with hot water bottles. This heroic treatment is not adopted until the disease has become next to hopeless, and the patient is in a semi conscious condition. In several instances it has resulted in complete cures.

Priest is a Leper.

The Honolulu Star says that Brother Sarapion von Koop, of the leper settlement at Molokai, is the victim of leprosy. He is 30 years old. His case is similar to that of Father Damien. Brother von Koop, who is a native of Holland, went to the settlement in 1905. Eighteen months ago he detected signs of the disease in his system and came to Honolulu, where an examination confirmed his fears. He returned to the settlement, where he is now living as a ward instead of a helper.

Plans to Get Rich

are often frustrated by sudden breakdown, due to dyspepsia or constipation. Brace up and take Dr. King's New Life Pills. They take out the materials which are clogging your energies and give you a new start. Cure headache and dizziness too. At E. S. Leadbeater & Sons' drug store; 25c, guaranteed.

Won a Name of Fame.

DeWitt's Little Early Risers, the famous little pills, have been made famous by their certain yet harmless and gentle action upon the bowels and liver. They have no equal for biliousness, constipation, etc. They do not weaken the stomach, grip or make you feel sick. Once used always preferred. They strengthen. Sold by W. F. Creighton & Son, 924 Queen street.

Serious Stomach Trouble.

I was troubled with a distress in my stomach, sour stomach and vomiting spells, and can truthfully say that Chamberlain's Stomach and Liver Tablets cured me.—MRS. T. V. WILLIAMS, Laingsburg, Mich. These tablets are guaranteed to cure every case of stomach trouble of this character. For sale by Gibson & Timberman and W. F. Creighton & Co.

A Tried and True Friend.

One Minute Cough Cure contains not an atom of any harmful drug, and it has been curing Coughs, Colds, Croup and Whooping Cough so long that it has proven itself to be a tried and true friend to the many who use it. Sold by W. F. Creighton & Son, 924 Queen street.
